BEER LINKS WITH EDUCATION

Scholarship and beer have run hand in hand at the founts of English wisdom and culture, Oxford and Cambridge Universities, for hundreds of years where the breweries were integral parts of the colleges. That of Queen's College, Oxford, is generally accepted as the oldest in England and one of the oldest in the world. It was built when the College was founded by Phillippa, consort of Edward III, in 1340, and is still using the same brewing process as when founded. The equipment also is of hoary age, a pump made in 1567 still being in regular use. Many of the old college brews are famous to this day, notably "The Chancellor" of Queen's; "Archdeacon," Merton College, Oxford, and "Audit-Ale" of Trinity College, Cambridge. Festivals are regularly held in the Colleges and are known as "Collegeales."

FOREWORD

Max Yale Diamond

In presenting the twenty-second edition of the University of Manitoba Telephone Directory and Students' Handbook, I do so with a great deal of pleasure, pride and satisfaction in knowing that the work has been well done.

This year the Telephone Directory welcomes the inclusion of Brandon College, the most recently affiliated college of the University of Manitoba. By incorporation of the Brandon College Student Handbook in this edition it is hoped that

closer contact will result between the two institutions to the mutual benefit of both.

The task of financing this Telephone Directory under the stress of war has not been an easy one. May I therefore strongly commend to your attention the advertisers who have supported us and made this book financially possible for you. They are deserving of your patronage.

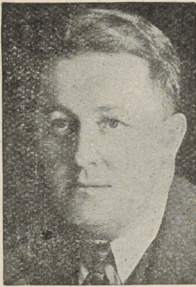

Finally, it is with deep appreciation that I desire to thank all those who so willingly co-operated in the production of this Directory. I trust that all who have need of reference to it will find in its pages the information they desire.

Faithfully yours,
MAX YALE DIAMOND, Editor.

October, 1939.

President's Message

Dr. Sidney E. Smith

The term *vade mecum* means, literally, "go with me," and it is defined as a guide or handbook, indispensable to the traveller. This Telephone Directory is veritably the *vade mecum* of members of the University. The various divisions and estates of the whole institution are fully represented in it. Even a hasty perusal of it will afford a view of that diversity in unity which should characterize always the University. A casual reference to it should demonstrate the validity of the statement that no member of the University can be loyal to the whole unless he or she is loyal to the part, and no member can be loyal to the part unless he or she is loyal to the whole. May this book be a key to happy and beneficial communications within the University. May it open doors of understanding and fellowship and thus enable us, as members of the University, to make a better investment of our time and talent. May we, moreover, in our use of this *vade mecum*, be constantly aware of the principle embodied in Emerson's aphorism: "What you *are* stands over you the while, and thunders so that I cannot hear what you *say* to the contrary."

SIDNEY E. SMITH,
President, University of Manitoba.

U.M.S.U.

President's Message

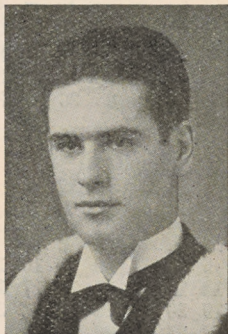

It has been lightly said that life holds only two certainties—death and taxes. Be that as it may, we do know that with the publication of the Telephone Directory and Students' Handbook, we have a third and real certainty—a compilation to serve the student body in many good purposes, and conveniently designed to furnish flash information by a "flip of the page."

The growth of friendship, one of the greatest attributes gained from life at the University, can be assisted by such a medium of contact. The maintenance of an efficient and smooth-working student government depends to a great extent on the immediate accessibility to its personnel. These are only two examples of many that go to illustrate the usefulness of our "finger-tip friend," the Telephone Directory.

The strength of the U.M.S.U. is not characterized in quoting mere registration figures, but rather in the steadfast loyalty, fellowship and friendly rivalry of its members. Finding congenial friends and entering into student sponsored activities is an integral and beneficial step towards attaining a well rounded University education. May you find in your associations this year a wealth of comradeship and a unity of purpose.

It is my earnest hope that you will make good use of this publication and that through this medium, a richer and fuller University life will be opened to you.

RODERICK O. A. HUNTER,
President, U.M.S.U.

junior representative being elected each year in order to maintain continuity on the Council. Elections to Council,

Frank A. Milligan

Self-government is the key-word to student activities at the University of Manitoba. All students are members of the University of Manitoba Students' Union and all major student activities are controlled and sponsored by this central organization, the U.M.S.U.

At the head of this student self-government is the U.M.S.U. Council, which consists of two elected representatives from each faculty and college, except the faculty of Education, which has only one. These representatives, one senior and one junior, hold office for two years, a new hold office for two years, a new
as well as election of the President of the U.M.S.U., are held at the close of each session by secret ballot. A representative of the University Senate also sits on Council as an ex-officio member.

In addition to the above, the heads of the various subsidiary committees of the U.M.S.U., through which the main activities are conducted, are ex-officio members of Council. These are:

(1) Athletic Board of Control.

Students' Union

(2) Brown and Gold (Year Book).

(3) Campus Committee.

(4) Debating Union.

(5) Dramatic Society.

(6) Glee Club.

(7) The Manitoban.

(8) Public Relations Committee.

(9) Social Committee.

(10) Telephone Directory.

(11) Women's Association.

Finances are controlled by the U.M.S.U. Finance Committee, which is composed of the president, vice-president, secretary, treasurer, assistant treasurer, a chairman and two members, elected by the U.M.S.U. Council. Financing is done on the budget system and the chief function of the Finance Committee is to carefully scrutinize the budgets of each subsidiary committee so as to ensure the maximum possible benefit to the student for the \$3.50 which he pays to the U.M.S.U. for the maintenance of student activities.

Extra-curricular activities are indeed a very important and most interesting part of University life. The energetic and wide-awake student will find in the U.M.S.U. program the means of expression and development of latent ability and talent. Every student should join at least one activity of the U.M.S.U.

It is the sincere desire of the Athletic Board of Control to give the students a broad programme of both intra-mural and intercollegiate athletics.

The administration of athletics in the University is now vested in a board fully representative of all faculties and affiliated colleges and student athletic organizations on the campus. This increased membership of the board is much more able to handle the expanded athletic programme of this year.

With the increased student fee applied to athletics the Board is now in a position financially to give the students the greatest programme they have ever had. It is the earnest intention of the Board

to provide an intra-mural programme that will touch every student within the union.

The current situation in which Canada is now involved has necessitated certain curtailment of intercollegiate activity. It is hoped, however, that the expanded programme of last year will be continued.

For information re the increased intra-mural athletic programme see your Athletic Director, Wray Youmans, who is only too willing to be of assistance.

Editor John W. Pankiw

John W. Pankiw

The pages of the Brown and Gold reflect in a colorful light the story of a year in the life of our University in a form which, years from now, may serve to recall to the memories of the students the people they have known, the events they have seen, the feelings they have experienced during their years at Manitoba.

This year's issue, using the most modern methods to display the hundreds of engraved cuts, promises to top all former issues in

that student interest will be emphasized throughout the entire book by utilizing a vast amount of candid photographs depicting athletic fetes and student social swing.

To assist the executive in the compilation of the issue so as to insure an early appearance next spring, all graduates are asked to have their photographs in the official photographer not later than November 15. The issue will appear on the campus not later than Color Nite next March.

Owing to a reduction in the number of copies to be issued this year, the executive strongly advises you to make sure of your copy by paying your deposit of one dollar, all that is necessary to ensure a copy being held for you, as soon as possible.

U.M.S.U. Dramatic Society

President Marion L. Cowie
 Vice-President Sidney G. Sheps
 Business Manager Fred Tallman

The Dramatic Society is an organization designed to give students an opportunity to gain experience in all branches of dramatic art: acting, make-up, directing, costuming, to mention a few. It is composed of an executive and one representative from each faculty.

The program as outlined for this year includes a major production, radio plays and one-act plays. The major production will be a musical comedy, "You Can't Beat Fun." This production is in every way a new venture for the Dramatic Society. Firstly, it is a musical comedy, a branch of dramatic art which has not heretofore been considered. Secondly, it is an original work, written by three University students, and has in it every element which makes for a successful production.

The radio work is also a new undertaking. This program will, in this its initial year, not be extensive, but from this beginning we anticipate the formation of a workshop for radio.

Plans for the second term are not yet definite, but it is probable that the Interfaculty Festival of one-act plays will be held again this year.

It is to be hoped that in our program there will be something of interest to each student. This is your organization—we wish for your co-operation and support.

To the student who seeks from his University career something more than knowledge gleaned from books, the University of Manitoba Debating Union has many advantages to offer.

The successful man or woman of today must have poise, self-confidence and assurance, and these can best be obtained by practice in public speaking. Clarification of thought and ease and facility of expression can be obtained only by actual experience in debating.

Every student is a member of the U.M.D.U. It is neither a small clique composed of the intellectual aristocracy discussing esoteric topics understood only by men of erudition and great learning, nor is it a society whose portals are jealously guarded lest the uninitiate seek to enter.

Everyone is permitted, nay invited, to take part in the activities of the Debating Union, and a cordial invitation is extended to all to avail themselves of the opportunities presented to have some fun, shed heat, if not light, on current topics, and become experienced in public speaking.

The U.M.S.U. Glee Club was instituted to further the interests of music in the University and to give the members of the Students' Union an opportunity to obtain expert training in singing, orchestra work, stage technique and backstage work.

This aim has been sought through the presentation of a Gilbert and Sullivan operetta each year. In doing this the Glee Club has not only offered innumerable opportunities to the student, but it has established itself as one of the leading exponents of Gilbert and Sullivan on the continent.

This year the Glee Club wishes to build this tradition even higher in its presentation of "H.M.S. Pinafore" in February. This operetta is under the very capable direction of Miss Winona Lightcap, as musical director, Miss Kay Parker as dramatic director, and Miss Elsie Gauer as dancing director. It will offer to at least 150 students an introduction to the intricacies of presenting a major show.

In addition to this an Auxiliary Chorus will be established to take care of the Radio and Extension programs.

The Glee Club welcomes all students to take part in its many activities.

A newspaper's importance in the life of society cannot be underestimated. Controlled by the government, it can be used most effectively for any reactionary use. Free and unrestricted within the limits of accepted law, it can serve as a bulwark for democracy and a champion of progress.

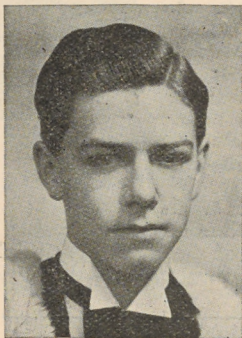

Canada has need of real journalists capable of interpreting and defending its liberal society. University newspapers all over Canada are the training schools in which many of these writers are trained. The Manitoban has a respected place among them.

The Manitoban, however, does more than train young journalists. It is the official organ of the University, devoted to the task of unifying the campus, publicizing all extra-curricular activities, and supplying thought-leadership. Sensitive to every movement in the community outside the University, it must attempt to calmly interpret the fast moving national and international scene as it affects the student in Canada and particularly in Manitoba.

The third largest paper in Canada, The Manitoban is circulated every Monday, Wednesday and Friday morning. Staff working shifts are Sunday afternoon, Monday and Wednesday evenings.

G. Richard Hunter

The Public Relations Committee is not a sub-committee of the U.M.S.U. properly speaking—constitutionally it is a committee of the U.M.S.U. executive. Its functions are many and its activities numerous, but its principal object is to place the U.M.S.U. and the university before the public in a favorable light.

With this end in view an attempt is made to stress to the public, through the medium of the Press, Radio and Extension service, the educational and cultural side of our University life. In this regard we rely on the sub-committees of the U.M.S.U. Council, such as the Glee Club, Debating and Dramatic Societies.

In a larger sense we rely on each individual student to promote our public relations. The Public Relations Committee would urge all students to realize their responsibilities to their university. In times such as these the existence of universities is being questioned and we must make it our duty to justify their existence to the public.

It was Addison who said "the public is more disposed to censure than to praise" and we in the university must recognize such a tendency and by active co-operation on the part of all students "put our best foot forward."

U.M.S.U. Social Committee

President Edwin A. Christie

To help provide a well-balanced program of activities is the function of the U.M.S.U. Social Committee. All during the year plans are made and are accepted or rejected according to their merits. A great deal more effort is required before a single social event takes place. Besides this, considering the large number of students to whom it caters, it is a large order to satisfy all of them all the time. Laying no claim to this achievement, it nevertheless endeavors to please most of the students all the time.

Ed. Christie

Social events will be revealed to the student body from time to time through the medium of The Manitoban. It remains the hope and pleasure of the U.M.S.U. Social Committee to welcome each and every student at these activities as they occur.

The U.M.S.U. Women's Association exists to foster friendship between individual co-eds and to unite and centralize the co-ed activities on our widely scattered campus. The Women's Association attempts to realize its purpose by putting on a program of events which will bring all the co-eds together—informally as at the co-eds hike; intellectually, as for the co-ed Manitoban; or socially, as at the co-ed banquet.

The association works towards the development of a "more unified University." As well as uniting the various faculties, it also co-operates with the sub-committees in every way possible and has a special ushering committee at their disposal. This year, besides the usual program, the Women's Association will co-operate completely with the community in the carrying out of charitable projects.

Every girl in the University is a member of the U.M.S.U. Women's Association. We hope that each member is actively interested in its program and that she will give all she can "of talent and enthusiasm, to the University that claims her undivided loyalty."

U.M.S.U. Women's Athletic Directorate

President Janet Rossini

Janet Rossini

Working as a sub-committee of the Athletic Board of Control, the University Women's Athletic Directorate will, this year, attempt to follow the policy adopted and recommended by the Athletic Board of Control. It plans to encourage more student participation in every sport fostered by the University. Varsity athletics should not exist for a few "star" athletes alone, but should embrace at least three-quarters of the student body. Every effort is being

made to encourage the participation of all co-eds in at least one field of athletics.

Basketball, bowling, badminton, curling, tennis, golf, track, hockey and swimming are enjoyed within the separate faculties, and then are developed into inter-faculty competitions.

Track enjoys an inter-collegiate series with Western Universities.

Curling and Junior and Senior basketball teams represent the University in city leagues.

The Fencing and Rifle Clubs hold additional attraction for the Manitoba co-ed.

The Student Christian Movement

President Russell Richardson
Secretary Fred Douglas
Treasurer Robert Horton
Chairman of Finance George Tokov

The Student Christian Movement is not a small group of "Holier than Thou" persons; it consists of students who are anxious to get the most out of their years at University, and who are keenly alive to the problems of our University, national and international life. We do not pray all the time, nor do we talk. We believe in a well rounded life in which everything wholesome has its place.

We do not profess to have uniformity of ideas; our aim is to be a fellowship of kindred spirits, who believe that through the Christian interpretation, life assumes the greatest meaning and purpose.

The S.C.M. offices are located in room 307, Arts Building, Fort Garry, and at Broadway.

War Auxiliary Council of the University of Manitoba

Chairman	Dr. D. S. Woods
Vice-Chairman	Roderick O. A. Hunter
Secretary	Miss Gertrude Robson
Com. Enterprises, Chairman	Dr. Hugh H. Saunderson
Community Enterprises, Sec.	Douglas Chevrier
Red Cross Activities, Chairman	Mrs. U. N. Macdonnell
Red Cross Activities, Secretary	Gudrun Bjerring
Soldier Entertainment, Secretary	Lorna DuVal
Patriotic Funds, Secretary	Douglas Chevrier

Dr. D. S. Woods

The War Auxiliary Council of the University of Manitoba has been set up for the purpose of consolidating auxiliary services of the faculties and other organizations. Its three main objectives are:

(1) To stimulate interest in auxiliary projects designed to aid the war efforts of the nation.

(2) To concentrate auxiliary activities, more and more, on community and national war efforts.

(3) To unify all auxiliary war efforts of the University so

as to promote economy of time and the greatest use of services and resources at our disposal.

The War Auxiliary Council will not interfere with extra-curricular activities but will rather direct them into fields where the students can be of real service to the community and the nation.

“Brown and Gold” Song

(Official Theme Song of the University of Manitoba)

We are proud to boast of Manitoba U.,
 To her teaching we shall never be untrue.
 Stand up then and cheer her,
 We hold nothing dearer,
 To the world proclaim our faith, in her we now renew.
 Years ago she struggled through adversity,
 Now she lives in peace and liberty.
 We are proud to honour and defend her all the while,
 So on to victory.

CHORUS: On Manitoba, glory now unfold;
 On Manitoba, shine forth Brown and Gold.
 Forward toward success,
 Wisdom, happiness.
 We line up behind her, 'tis a picture to behold,
 Cheer for Manitoba U.
 CODA: Iji, itti Ki Ki yi yip

HAIL OUR COLLEGE

Hail our college out in the golden west,
Take our fealty now unto thee confessed,
Be our Alma Mater now and forever blessed,
Hail! Hail! Brandon forever—Hail!

Through rich valleys flows the Assiniboine,
Where sunsets golden, prairies as golden join,
Round thy fair prospects fondly our memories twine,
Hail! Hail! Brandon forever—Hail!

BRANDON WILL SHINE

Brandon will shine tonight, Brandon will shine,
Dressed in her fighting best, all down the line,
Rah Rah! Rah!
Forget your slams and knocks, boost all the time,
The sun goes down, the moon comes up,
Brandon will shine.

BLUE AND GOLD

On to Victory, on to Victory,
Blue and Gold today
Raise the chorus proudly o'er us
Marching to the fray,
Rah! Rah! Rah!
Backward never, Forward ever,
Fighting all the way,
Join the rest and give your best,
For Blue and Gold.

THE CLASS OF 1940

President	Clare Pentland
Secretary-Treasurer	Bertha Davis
Debating Representative	Jim Smith
Literary Convenors	Kay Drake, Marion Stone
Social Convenors	Jean Hutchison, Jean Wedderburn Ormond Williams

CLASS SONG

Stand up and cheer,
 Cheer loud and long for dear old Forty;
 For today we raise
 The Green and Gold above all others.
 Our gallant class now is fighting,
 And we are sure to win the fray:
 We've got the vim,
 We're sure to win,
 For this is class of Forty's day.

So hail class of Forty,
 For ours the year success and victory;
 For today we fight
 To put our class above all others;
 Our sturdy band now is marching,
 Marching along to victory.

Up with the best,
 We'll ride the crest,
 For this is dear old Forty's day.

CLASS YELL

CLASS SONG

Class mates altogether,
 Class of '41
 Loyal hearts forever,
 To our mother college we'll be true.
 All the world before us,
 Life is just begun:
 It's no matter who succeeds us,
 Alma Mater, when you need us,
 Count on '41.

FIGHT FOR FORTY-TWO

Hurrah! Hurrah! Hurrah for class of forty-two,
 Loyal sons and daughters we,
 Loud our voices ring,
 Hurrah! Hurrah!
 Come on now gang let's see you,
 While we shout and sing.

CHORUS

Fight for the class of Forty-Two,
 To it we will be true.
 Fight till the battle's won,
 Raise the silver and blue above you,
 Keep her standards ever
 Among the staunch and brave.
 High o'er our heads victorious,
 Long may they ever wave.
 Rah! Rah!

LIGHT

PUTS NEW PEP IN

YOUR STUDIES

THE eye makes countless adjustments as it follows a demonstration, works problems, or is keyed to intense study. The "indirect" type of lamp gives a wealth of light without glare or shadows, and this better light helps the eye make these adjustments more easily, thus relieving the intense eye strain of college studies. See the complete display in our lamp salon.
